

# Corinthians Creative Café November 2015

## The Big Question! Does FCYC need a new Club House?

Although a small sample, a significant majority of members present at the Creative Cafe, reckoned we can manage fine with the Bell Block (or variations of it) and did not see the need for a new Club House. That being said the overwhelming majority did without doubt recognise the value of a good social hub. So what does the Council think about that? The short answer is a simple one, we continue as we are at the moment, perhaps making modest improvements to the Bell Block that would make it more user friendly meantime and during next Sailing Season. We have however not ruled out the possibility of a new Club House in the future and will continually review the matter as the Club's needs, aspirations and resources evolve and of course any new opportunities present.
